PROFESSIONAL EXPERIENCE

Oracle NetSuite | Support Engineer, SuiteCloud and NetSuite Next | Jul 2024 - Present | Philippines

- Manage approximately 60 support cases monthly for North American customers, owning most cases end-to-end through email, chat, phone, and Zoom.
- Diagnose SuiteTalk SOAP/REST, RESTlet, SDF, and SuiteScript integration issues across schema mappings, permissions, deployments, and third-party connectors.
- Improve reliability across User Event, Map/Reduce, Client, and Scheduled scripts through safeguards, structured logging, error handling, search optimization, and governance tuning.
- Strengthen integration resilience with idempotency keys, retry/backoff logic, API-limit-aware batch scheduling, Celigo data transformations, and SFTP validation controls.
- Use APM and SAL to isolate SQL versus script execution time; collaborate with product, engineering, vendors, and customers on rapid mitigation, RCA, and durable recommendations.

Kenvue | Systems and Social Media Support Intern | Sep 2023 - Feb 2024 | Paranaque, Philippines

- Supported Global Capability Center system operations, ServiceNow incident resolution, reconciliation, social-account credential support, Active Directory access reviews, and SOP-aligned documentation.
